Selections from Science and Sanity has 67 ratings and 5 reviews. Matthew said: This book contains some of the most important ideas you will ever find. Ki. Alfred Habdank Skarbek Korzybski was a Polish-American independent scholar who . As reported in the third edition of Science and Sanity, in World War II the US Jump up ^ Alfred Korzybski, Selections from Science and Sanity, Selections from Science and Sanity represents Alfred Korzybski's authorized abridgement of his magnum opus, Science and Sanity: An Introduction to. Selections from Science and Sanity serves as an excellent introduction to general semantics as a system intended to aid the individual's adjustment to reality. The book is dense, the prose a bit turgid (AK was Polish and English was his fifth language), but Science and Sanity has been for decades on the list of top ten. Selections from Science and Sanity represents Alfred Korzybski's authorized abridgement of his magnum opus Science and Sanity an introduction to non.
